Our Cozumel house rentals are located in a quiet residential neighborhood about one and a half blocks from the ocean and about two blocks from the town square within easy walking distance to restaurants, dive shops, food stores, shopping, and nightlife. Perfect for divers and vacationers. We are not a big real estate rental company. The owner and his wife have two houses that, when they and their friends are not using them, are available to rent by the general public. Because we are not dealing with big crowds of renters, we can be very flexible. We don't have a set check-in day or time. You tell us what is best for you, based on your airline or ferry reservations and our housekeepers will meet you at the house to get you settled. We accept personal checks and money orders but not credit cards (we're not big enough).

Casa Pequena

This is a cozy Mexican cottage on Calle 6. There are two bedrooms that can sleep two adults each. The large bedroom has a queen-size bed. The smaller bedroom has a double bed and its own sink. A single bed is placed in a corner of the living room. The house has one bathroom with a shower. The house can sleep 5 and is air-conditioned.

There is a kitchen with refrigerator, gas stove, and a toaster oven. There is a complete set of cookware, plates, glassware, cups, and silverware. A purified drinking water dispenser is provided in the kitchen. The water in the faucets is fine for washing and bathing.

There is a very large, lush tropical garden in the back of the house.

Casa Grande

Located in the back yard of "Casa Pequena". There is a brand new swimming pool just a few steps from the porch.

This is truly a big house, but it is made for a small group. The "Big House" has one master bedroom on the second floor with one king-size bed. The MBR has a bathroom with a tub and a separate shower. The MBR has a private balcony.

Above the MBR is the "party room." This floor has a large balcony with a wonderful view of town and the ocean. There is a bar and another bathroom with a shower. The party room has two couches that can be made up as single beds, and there is an actual single bed in the corner, turning this into a back-up bedroom.

Above the party room is the highest sundeck on the island. You are at the height of a six story building, and on top of a small hill, giving you an incredible view of the town and the ocean. The sun deck has built-in lounge chairs and an outdoor shower for cooling off.
